7	The names Nos 4 & 5 were duly tendered to the District Registrar and were arbitrarily refused to be entered by him. They were nevertheless entered in the Census list of 1891 as the only names selected by me for official registration. I have been lately informed that the District Registrar, abusing professional confidence, in my absence and by his representations procured the signature of Queen Victoria did a Perjurer's mother to some name or other which he had already inserted in his register illegally and without authorization. The late Queen, while it was in her power to choose Abdication or Perjury, unhappily for herself and family, and seduced as I suppose by the plausible sophistry & devilish subtlety of Gladstone, in violation of her Coronation Oath (inasmuch as the Abdication could not be effected without her previous consent) did assent to the spoliation of the Church of Ireland. I defy any power to control my natural right to name my children or to take advantage of the disgraceful trickery practised upon me; and relying on the omnipotence of Truth I challenge the Authorities to do their utmost. Whatever course may be resolved upon by the Queen's successor - whether he dispenses entirely with a Coronation Ceremony or has a Coronation Ceremony with the Oath omitted or unchanged or changed, his action must inevitably be equivalent to his branding his Mother as a Perjurer. So truly is it written "Be sure your sin will find you out". Ahab, the Confiscator of Naboth's vineyard, had so many as 70 sons - although Ahab humbled himself, their heads were struck off. The same Divine Power still exists and is omnipotent. I have delivered my testimony and protest when I find it convenient I shall forward this communication to the Press for publication.												

I hereby certify, as required by the Act 63 Vic., cap. 6, s. 6 (1), that the foregoing Return is correct, according to the best of my knowledge and belief.

Denis Corroty Const 55349 (Signature of Enumerator.)

I believe the foregoing to be a true Return.
