President of the Executive Council,
Government Buildings,
Dublin.

Dear Mr. President,

My Committee are very anxious to have amendments made to the proposed Constitution which would enable them to support it.

We gather that you are prepared to modify the Sections dealing with strictly political issues in such a way as to secure equal political rights for women. But my Committee are very particularly concerned with Sections affecting the economic position of women. You will agree that they are rightly so concerned as these Sections affect workingclass women only.

My Committee urgently desire that their representatives may have an interview with you for the purpose of discussing these Sections, and they have instructed me to ask you if you would grant such an interview to our President, Mrs. Kennedy, a working woman, Miss Elizabeth O'Connor one of our officials
